- **Both top Investment Providers and Packages Category**

**London, 21 June 2007** – Fidelity International and Fidelity FundsNetwork™ have each received awards at the FTAdviser Online Service Awards 2007. Both were given a five star rating after topping the Investment Providers and Packages Category.

The awards were voted for by IFA's who conduct their business through online services and take into account overall functionality, ease of transaction, online product tools, reliability, personal contact and business support.

**Richard Wastcoat, Managing Director, Fidelity International:** "We are delighted that both Fidelity International and Fidelity FundsNetwork have each been awarded five star ratings. The fact that these awards are voted for by advisers and in this case advisers who regularly use online services, further adds to the endorsement of what we deliver to our clients.

"We are continually trying to find ways to improve our service and products for advisers and their clients. For example, Fidelity FundsNetwork now offers a full range of tax wrappers and trusts, while Fidelity has just launched an innovative range of retirement products. It is great to see these efforts rewarded."
