When selling your investments we may, on occasion achieve slightly more or less value than requested. This is because fund prices change on a daily basis. Where more cash is received for your investments we will deposit the additional amount as cash within this account. Where less cash is received than requested we will try and complete the full value of your instruction using any available cash in this account. Where this is not possible we will process the investment into your ISA for the amount received.

Fund prices and values change daily. When selling a fund you can request a specific amount up to 90% of the current value. If you ask us to sell more than 90% then we will do so by selling units instead of a specific amount. This may mean that we may sell slightly more or less than your original request.

We do not allow brokerage assets to be included in a Bed and ISA at this time. Please sell down the brokerage asset using our online service. Then you can use this form to complete the Bed and ISA using cash.
